## Out of the Heart are the Issues of Life

Missions conference 2020 was packed each night!

After we all came down with Covid this year, we decided to get our annual physicals done in the U.S. before returning to the D.R. All went well until the doctor detected an abnormality in my heart. He immediately ordered an EKG and sent me to a cardiologist at UT Southwestern in Dallas who diagnosed me with Atrial Fibrillation. This means my heart's normal rhythm gets out of whack. The Doctor

sent me home with a heart monitor and a few days later the nurses at the Cardio clinic called while I was attending a men's prayer breakfast and alerted me that I was once again in Afib. That same day the Doctor asked me to meet with an electro physiologist. That led us to schedule an Ablation procedure which is set with Dr. Wu at UT on December 2nd at 10:30 a.m. Would you pray for me and the staff that this procedure will be successful, and no subsequent procedure will be needed? Would you pray that I will be used to be a testimony for Christ during this time? We are trusting in Him.

## A Wedding To Remember

It's not to often that missionaries from the D.R., Costa Rica and Nicaragua get together. When our oldest got married, twice in the same year, and to the same

amazing young lady, we all got to celebrate together this time. It was well attended, and we were humbled and filled with joy that several friends from our supporting churches came.

Tyler & Heidi's formal wedding in Willis, Texas
