## Onwards and Upwards

View latest construction update [here](#).

We have been posting weekly video updates on Facebook of the construction progress. Every Sunday morning, you can find those videos running from Oct 30th through the end of our missions conference, Nov 20th. The concrete roof on the side building, where we have the back entrance, classrooms and bathrooms, has been completed. Lots of little details can be seen on the concrete columns, beams and rebar work that makes up that roof. Several weeks of preparation culminated with just a few hours of pouring and it was finished. We now

need your prayers for the auditorium metal roof structure, as those costs have increased. We have the money for the materials but need an experienced team to come in and weld large metal trusses according to plan and place them (via crane) on the concrete columns we have prepared. We are praying that God will supply a team like He did for the roof we built in Haiti in 2013. The church's Faith Promise commitment was the largest ever, and we know God has a special plan here.

## Graduating to Papaw & Mamaw

Tyler and Heidi have been serving full time at Overland Park Baptist in Kansas. They shared with us in August the exciting news that we were going to be grandparents. They facetedimed us during our annual missionary get together in San Francisco de Marcoris, DR on Thanksgiving so we could be a part of their fun and festive gender reveal party. We are officially having a grandson and we are very excited!!

Grandson #1 arrives in April, please pray
