Tempest Tossed: Back to Serve

Beloved truck has been vital to our family and ministry

When we returned to the D.R. our home welcomed us with dust and rot; a hurricane had ripped our rooftop water tanks from their anchors, tearing pipes and opening seams we never knew existed. Unbelievably an earthquake had also snapped water lines beneath the foundation, forcing us to chase leaks for days. The building itself seemed to breathe a year's worth of pent-up spite, and poor JuliAnna succumbed to its toll,

falling ill. Out front, our trusty ol truck -our lifeline- ended up needing critical repairs which resulted in us draining all our savings to where we came up \$1900 short for a planned electric upgrade to our home inverter system. For over a decade, our truck has been our sole transport, crossing in and out of Haiti, carrying supply's and supporting church construction efforts. Now we urgently need a second vehicle for stability. With rising costs, another truck will run \$38,500 (tax exonerated). Amid the challenges, we are very grateful to be home and serving where God has called us but we would ask that you pray for these critical needs. We are going to keep pressing forward and would be very thankful for any help the Lord leads you to provide.

Sunday School Soaring

On our first morning back, we were profoundly impacted by the growth of the Sunday School. Two new adult classes in the back of the auditorium has allowed newcomers and members alike to openly ask questions, share personal reflections and dive deeper into the Bible like never before. This along with many receiving Christ in recent months are just a few of the blessings of the new building. Dont miss this 4-minute video update [here](#) to see more.

Tom shares about Sunday School growth after one year
